

ELEGANT TUDOR IN ESTUDILLO ESTATES

As you enter this gracious Tudor with beautiful hardwood floors throughout, you will be reminded of a bygone era. Curved wood molding surrounding every window and door, leaded glass windows, mahogany wood paneling, a wood fireplace mantel and oversize mahogany doors leading to the dining room were all created in the traditional Tudor craftsman style. The masterpiece of the living room is a series of multi pane windows that are framed in an alcove of exquisitely designed mahogany wood paneling. The home is truly a work of art.
