

## INSPIRING AND IMPRESSIVE - UNIQUE AND OUTSTANDING ARCHITECTURE

Welcome to 7 Woodmont Way! Designed by world renowned architect Jack Tam, this elegant contemporary home is majestic, immediately evident upon entry into the grand foyer. Sunlight pours in through the immense skylight, reflecting upon the medallion design of the slab granite floors.

## EXCEPTIONAL LIVING OPPORTUNITY

*The lower level of the home offers two additional bedrooms and a large bathroom. There is a huge underground storage area, naturally cool and perfect for wine storage.*

The grand piano room flows into an expansive living room, complete with designer stone fireplace, wet bar and sophisticated architectural details. Floor-to-ceiling windows on three walls display breathtaking views of the entire Bay Area, San Francisco and beyond. The Farallon Islands are visible on a clear day. Step out onto the patio that wraps around the living room to relax in a hot tub, dine alfresco, or simply bask in the ambiance of this mountain top home. Returning through the living room, the dining room features hardwood floors, built-in and decorative details and a stunning backdrop wall of unobstructed bay views. The adjoining gourmet kitchen is complemented by a Thermidor WOK station, separate skylight eating area with grand views, stone counter-tops and a large center island. The kitchen provides a direct view into the family room.
